This house is divided into 3 floors in which we find a magnificent basement converted into a workshop, for mechanics lovers, and with space for a magnificent play area for the little ones in the house. On its two remaining floors we find 4 bedrooms; One of them is currently used as an office - very bright, ideal if you work from home -, 2 bathrooms and 1 toilet. A cozy living room with a fireplace and a magnificent kitchen with its separate dining area to enjoy your evenings with the family.
